

Supplementary Regulations

February 2020

Teesside Summer Sprint Championship 2020

General all classes

Fuel must be brought from the BP garage on the roundabout on the A66 next to the circuit.

Only standard 95 octane petrol IS AUTHORISED.

You should keep your receipt for the purchase if a proof is required.

Going forward all class will only run with one set of slicks per round (race day only) the tyres you qualify on are the tyres you must race on, these will be marked when you go over the weighbridge at the end of qualifying. In the event of tyre failure, bring your tyre to the scrutineer along with a second/replacement tyre, that they will be marked.

Wets are free.

Bambino c50

The use of the solid clutch will be allowed from the first round - the use of the older style clutch is also authorised.

Cadet classes

The use of a 25mm hollow axel is now allowed - the axel must be of a magnetic material.

160 Cadets

As per the 2020 regulations, please refer to the MSUK regs or speak to your engine builder for advice.

- New style DEP exhaust
- Breather bottle must be fitted, as shown below
